THEIR LIFE IN INDIA

DR. AND MRS. DRUMMOND TELL INTERESTING STORIES.

MANY QUEER CUSTOMS

Indians Don't Praise Children; Fear Light When Sick, But Bathe Frequently.

Of a wife in India, who jumped into a well because her husband complained of the bread being burned, and of many other things equally as interesting or funny, Dr. and Mrs. C. C. Drummond told at the Christian church yesterday concerning their life in India. Dr. Drummond is the "Living Link" of the local church.

The above incident was humorous because the wife was "fished out" of the well safely. She said that the husbands didn't really hurt their wives when angry and they just called it "making them understand." Mrs. Drummond said that the women there are shocked inexpressibly by some of the pictures in the catalogues of women's ready-made garments.

She said in opening her talk that she was somewhat like the wife of a man in India of whom the husband said in English that she was a little bit "backward and forward." He was trying to get the English idiom which meant that she was diffident. In closing she told of the students in a school for native princes for whom a tennis court and equipment was all prepared. When they learned what the game was, however, they refused to play, saying that it was just like work and that they would order their servants to play while they watched them.

"So I'd rather let someone else talk," said Mrs. Drummond, "while I sit and watch." Dr. Drummond then told of his medical work in a series of unique experiences. Most of the patients are dispensary users. And the receptacles which they bring to get medicine are very ludicrous. Ink bottles, beer bottles, and kitchen utensils. One man brought a quart tin cup to get some eye-drops.

Kitchen Most Sacred Place.

Their first movement when one gets sick is to shut out all light and air. They still use the lamps of Bible times and the odor in a room soon gets terrible. Many die from that cause alone Yet they are cleanly and high caste Bramas take a full bath before every meal.

The kitchen is their most sacred place in their home. After having seen a foreigner or one of lower caste, they will not enter the kitchen until they have changed clothes completely. They never grind flour but for one day and the women all get up at 4 o'clock every morning to prepare the meal. The men get up at that tme to begin their worship every day.

"They are past masters at lying," said Dr. Drummond. "They can look you full in the eye and with the most innocent look, tell you a lie when they know that you know that they are not telling the truth.

We had a servant named Abraham who was one of the best at the art.

Indian Boy Named "Polly."

"Many of the Indians have Bible names because of the Mohammedan religion which embraces the Old Testament. We know many Davids and Solomans, Roman Catholics have spread the names of Church fathers also. We knew a boy named Polycarp and he was known to all his native associates as 'Polly.' Another funny Indian name to English ears was Damtheboy."

Another peculiar superstition of the natives is that children must not be praised. They fear that if one says "What a nice baby that is!" that the gods will hear it and want the child. One missionary made such a remark about a little boy once and the child happened to die within a month. It ruined his influence in the region almost.

Dr. and Mrs. Drummond hope to sail from Vancouver December 11. When they get back they will find a new hospital and equipment awaiting them. Dr. Drummond spoke of the help it will be in better facilities for performing difficult operations. A report is made to the British government yearly of all diseases treated.

Worship Based on Fear.

The Indians are very religious, according to the speakers last night, but their worship is based almost entirely upon fear. Some of the most joyous of Christians are lepers. Dr. Drummond spoke at length upon their lives. Although no cure has ever been found, their sufferings have been much alleviated in the many asylums. He believes that the disease is contagious and that they should be segregated.

They were entertained while here in the home of Mr. and Mrs. W. C. Frank. Mrs. Drummond is the "living link" of the Christian church at Frankfort, Ind.

REV. BURRIS RENTS HOME

New District Superintendent of Methodist Church Returns to Kirksville for Family.

Rev. W. F. Burris, district superintendent of the Methodist church, left this morning for Kirksville, where he will load his car, preparatory to moving here. He arranged for the rental of the house at 121 S. Mulberry street into which he will move his family.

Mr. Burris was entertained in the home of Rev. and Mrs. G. S. Cox while here, but he insisted that he was on his vacation, so he did not preach at either service of the Methodist church yesterday.

BAPTISTS OFF TO TRENTON

Only Rev. L. M. Hale, Charles Hyslop and Miss Helwig Were Able to Attend.

Rev. L. M. Hale, pastor of the Baptist church; Captain Charles Hyslop, clerk, and Miss Orril Helwig left this morning for Trenton to attend the meetings of the Missouri Baptist association, which opens tomorrow.

The other delegates of the local church, Mr. and Mrs. G. B. Holmes, Sr.; Dr. Karl R. Malotte and Mrs. W. M. Westbrook, were not able to go.

Mr. Hyslop is a member of the board of trustees of William Jewell college, which will meet during the convention. This is the eighty-first convention of that church in Missouri. A thousand visitors are expected.

THEY'LL DO ALMOST ANYTHING.

Latest Use for an Auto is Dr. K. R. Malotte' Cellar Digging.

Dr. K. R. Malotte has a little runabout of well known make (the advertising deparment dislikes for us to mention names). Last week he made this car act as a "donkey" engine or a trained horse is suposed to do.

He dug out a large cellar under his house. A man shoveled the dirt into a wheelbarrow to which a rope was tied, attached on the other end to the rear axle of the Fo—the runabout. When the barrow was full the man took hold of the handles, and his heels were almost cracked together as the automobile went down the street and the load of earth came out of the basement.

Meets Family Here.

Wray Dudley of Pittsburg, Pa., arrived in the city yesterday morning to join Mrs. Dudley and small son, who have been visiting her parents, Mr. and Mrs. John Wesley Herren. After a week's longer visit the Dudley family will return to Pittsburg.

MARRIED 60 YEARS

ELDER AND MRS. C. J. CARMICHAEL CELEBRATING TODAY.

ACCOUNT OF THEIR LIFE

Born in Indiana and Ohio, They Have Moved Many Times During the Years.

Elder and Mrs. C. J. Carmichael are celebrating their sixtieth wedding anniversary at their home, near Hopkins, today. A large crowd of friends and relatives gathered at noon today for a basket dinner, after which services were held.

Elders J. C. Jones and Walter Cash of the Primitive Baptist church of St. Joseph were among the speakers. Mr. Carmichael, who has been a speaker and elder in that church for fifty years, spoke of the events in his life.

He also gave to his friends a biography of their life, a part of which follows:

"I was born in Monroe County, Indiana, August 12, 1833, and my wife was born in Stark county, Ohio, May 8, 1840. She moved with her parents, John and Magdalina Hostetter, to Indiana, where we became acquainted in 1852.

To Missouri in Covered Wagon.

"This friendship ripened into love, and we were united in marriage October 18, 1855. Nine children were born to this union, of whom five are yet living. We came to this country in 1863, traveling in a covered wagon. We lived five miles southeast of Clarinda for two years.

"We then bought land on the Nodaway river, two miles north of Clearmont, where we lived until 1887. We moved from there to Frontier county, Neb., and lived there eight years. At this time a longing for the home country back east came over us and we moved to Stark county, Ohio, where we lived for eighteen years.

"We came back to Missouri two years ago. We became members of the Old School Baptist church in June, 1858, and I have been trying for a half century to speak to the people of that belief in a public way. My gratitude and my wife's goes out to you today for this celebration which you have arranged."

12 Great-Grandchildren.

The anniversary was prepared by the children and grandchildren, of whom there are twenty-nine, and by the great-grandchildren, of whom there are twelve. St. Joseph, Savannah, and all towns in the county, and several cities in southern Iowa were represented.

The five children of Mr. and Mrs. Carmichael yet living are Mrs. Martha M. Davis, Holbrook, Neb.; Mrs. Rachael E. Parks, Hopkins; Joseph D. Carmichael, Houston, Texas; Jacob S., York, Neb.; Isaac P., Pickering.

C. J. and Mary Ann Carmichael celebrated their golden wedding anniversary in Stark county, Ohio, at which all of the five children were present. It has been their rare privilege to enjoy their sixtieth anniversary together and The Democrat-Forum joins with all their friends in congratulations.

Mr. Carmichael is 82 years old and his co-laborer is 75. May it be their lot to enjoy many more anniversaries together in this life

REGRET REV. JOHN'S REMOVAL.

G. A. R. Passes Resolutions of Respect and Love for Chaplain.

The veterans of the Grand Army of the Republic met in their hall last Saturday and adopted resolutions of regret at the removal of their chaplain, Rev. C. H. John. No successor was elected.

Compliment to Rev. John.

The following resolution was unanimously adopted:

"Whereas, Our esteemed comrade and patriotic instructor, Rev. C. H. John, has changed his domicile from Maryville to Siloam Springs, Ark., thereby creating a vacancy in so important an office in this post; therefore, be it

Resolved, That the comrades of Sedgwick post, No. 21, Department of Missouri, G. A. R., sincerely regret the necessity that compels his departure from our midst; that this post deeply realizes the loss of his genial companionship, and especially his wholesome counsels rendered us in the line of duty in this post, and we wish him much happiness in the comradeship he may enjoy with new-found friends and comrades in his new home."

Mr. and Mrs. A. C. Nicholas and family spent Sunday visiting friends in Burlington Junction.

CHARLTON ITALIAN TRIAL ON

Young American Whose Wife's Body Was Found Five Years Ago, Faces Jury at Last.

Special to The Democrat-Forum.

Como, Italy, Oct. 18.—Porter Charlton, the young American whose wife was found in a trunk which was thrown into Lake Como five years ago, went to trial here today.

Judge Baron Sciacca overruled all motions for freeing Charlton or for postponing the trial. The prisoner was very nervous at first, but after the reading of the indictment he took the stand in his own defense and grew calm.

He requested that he be allowed to tell his story in private. This was granted and the court room cleared.

WEDDED AT ST. JOSEPH

W. J. Staples, Agent for Western Union, and Miss Ada Morin, Married Saturday Night.

OCCUPY STAPLES APARTMENTS.

Willis J. Staples, agent of the Western Union and Wells-Fargo Express company, and Miss Ada Morin of this city were married Saturday night at St. Joseph. The ceremony took place in the study of the Rev. Klick, pastor of the German Lutheran church, who read the marriage service for the couple.

Mr. and Mrs. Staples will occupy the apartments in the Staples building, over the Ashford millinery store, which were previously furnished ready for their occupancy. The bride has been employed for several years as operator for the Western Union.

DAVIS TEAM BEGINS WORK

Services Held Yesterday Afternoon by Gospel Workers at Central Friendship Church.

Ray Davis' gospel team from the Baptist church held a meeting at Central Friendship church yesterday afternoon. A revival has just closed there.

Those who went from here were: Ray Davis, D. E. McDonald, B. W. Lemon, Ed Brewer, William Everhart, Charles Hyslop, members of the team and personal workers.

Mr. and Mrs. Arch Carter accompanied the team and had charge of the song service. Others who drove over were Dr. K. R. Malotte, president of the Men's club of the church; Alexander Fraser, Walter Wiles and Mrs. Everhart.

SUNDAY AT ST. JOSEPH.

Will Hold a Meeting There To-Night and Several From Here Will Probably Attend.

Billy Sunday will speak at the auditorium in St Joseph this evening and several from Maryville are planning to go to hear him. Sunday has been conducting a meeting in Omaha and this meeting for St. Joseph is for tonight only, the purpose being to raise $5,000 for this year's work of the Union Gospel Mission of that city.

RETURNS FROM STATE SYNOD.

First Presbyterian Pastor Attends Annual Gathering at St. Louis.

Rev. William Moll Case, pastor of the First Presbyterian church, returned Saturday from St. Louis, where he had been in attendance at the annual meeting of the Missouri synod of the Presbyterian churches.

The meeting was a notable one and attended by representatives of the 300 churches of the state and a number of men from outside the state prominent in the denomination.

Mr. Case held his first pastorate at one of the St. Louis charges.

LOCALS WON AT PATTONSBURG.

Score Was 31-19, But the High School Lead First Half 14-10.

The picked team from Maryville defeated the Pattonsburg high school team Saturday night on the latter's court 31-19. It took the Nodaway boys some time to get used to the court, and Pattonsburg lead at the beginning of the second half 14-10.

Scarlett and Garard got four goals, Scott three and Lollis and Lyle two each. The boys were entertained in Garard's home while there.

Mrs. E. D. Holland Here.

Mrs. E. D. Holland of Hot Springs, Ark., arrived in Maryville Saturday to visit her parents, Judge and Mrs. W. C. Ellison. Another daughter, Mrs. Ike Thomas Pryor of Fort Stockton, Texas, is also visiting the home folks.

ALLIES ARE HOPEFUL

CAPTURE OF STRUMNITZA WILL AFFECT GREECE AND ROUMANIA.

ALSO PROTECTS RAILWAY

Greece is De-Mobilizing While Italian Cabinet Plans to Enter the Balkans.

Special to The Democrat-Forum.

London, Oct. 18.—The Allies invasion of Bulgaria is now in full swing. Strumnitza has been captured and this advance is expected to influence the attitude of Roumania and Greece strongly.

The capturing of this city will also protect the Nish-Saloniki railway along which the allied troops are being hurriad from the landing in Greece. It is believed that the fall of Strumnitza into the hands of the Allies may result in the other two Balkan countries entering the war soon.

Violent fighting is now in progress in four different regions of Servia. It is reported that the fleet of the Allies is bombarding Varna and Dedeagatch in Bulgaria.

Austria Protests to Greece.

Athens, Oct. 18.—The Greek government has received a formal protest from Austria of the occupation of the Salonika, railway line by the allies. The road runs through Greek territory.

Eight classes of auxiliary forces of the Greek army were disbanded last week which is the first intimation that Greece will demobilize.

Rome About Ready to Help.

Rome, Oct. 18.—An important cabinet meeting is being held today to discuss the Balkan situation. It is reported that the first steps are to be taken to aid Servia.

It is believed in official circles here that a covenant binding Italy to aid the Allies in the Balkans is being arranged.

Say They Are Making Progress.

Berlin, Oct 18.—It is announced that the Germans and Bulgarians invading Servia are making progress and that the Serbians are retreating in the Macva district. The Germans, in advancing on Plateau, south of Belgrade, captured two villages. The Bulgarians are occupying heights on the frontier, pushing forward in northeast Uskub.

It is announced slight gains have been made by the Germans in western and eastern theaters.

ORATORY TIME EXTENDED

Selections for Declamation Contests May Be Listed Till Next Saturday —904 in Other Rivalry.

The time for the entering of the selection for the oratorical and declamatory contests during the corn show next week has been extended until next Saturday, October 23. Only three boys and two girls have sent their pieces to Prof. H. P. Swinehart of the Normal.

It is desired to have two contests, one for boys and the other for girls, so the time for entries was continued until next Saturday, so that others may have an opportunity to get in. The contests will be held Wednesday night, October 29, in the Normal auditorium.

The list of entries for the contests for the Farm and Home association exhibits is now 904, which assures those in charge that the affair this year will completely eclipse all previous ones.

SUNDAY SCHOOL WORKER COMING

Dr. George D. Fracker to Visit Maryville Church Sunday, October 31.

The Rev. George D. Fracker, Ph. D., the newly appointed superintendent of religious education for the Presbyterian synods of Iowa and Missouri, will be in Maryville Sunday, October 31.

Mr. Fracker will take a part in the regular services of the day and in the afternoon a Sunday school workers conference will be conducted by Mr. Fracker.

Motor From St. Louis.

Mr. and Mrs. L. L. Johnson of St. Louis, arrived in the city Saturday night to visit Mr. Johnson's father, J. M. Johnson, and his sister, Mrs. W. T. Gray of West Fourth street and other relatives. The visitors made the trip in their car.

Marseilles, Oct. 18.—The French steamer Admiral Hameline was sunk by a German submarine in the Mediterranean. Seventy persons were lost. Thirty-three survivors landed here.

WILSON TO OPEN CAMPAIGN

Speech on National Defense to Manhattan Club Nov. 4 Will Be First Gun.

Special to The Democrat-Forum.

Washington, Oct. 18.—President Wilson will fire the opening gun in the presidential campaign of next year November 4, in an address to the Manhattan club in New York.

This announcement was made today. The subject of his speech there will be national defense.

THE GERMANS REPULSED

Three Attacks Made, But All of Them Driven Back by the French—First Activity there for Months.

Special to The Democrat-Forum.

Paris, Oct. 18.—It is announced that three attacks by the Germans during the night northwest of Souchez were repulsed by artillery and rifle fire. The German attacks north of Verdun were also repulsed. These are the first activities there for several months.

TEN BODIES FROM WRECK

Six-Months-Old Baby is Only Missing Person—Traffic Resumed Tonight.

Special to The Democrat-Forum.

Manhattan, Oct. 18.—Ten bodies have been recovered from the motor car wreck near Randolph Saturday. Others may have been swept down stream by the flood, however. The car has been brought here and other debris has been removed.

Traffic over the line will be resumed tonight. The entire fill must be replaced and the bridge strengthened. The wrecker cracked the abutments.

The only person known to be missing is a baby 6 months old.

MRS. HARLAN OTIS DEAD.

Funeral to Be Held at Kansas City—Maryville Relatives Attend.

Mr. and Mrs. Ed Otis left this morning for Kansas City, summoned there by the death of their daughter-in-law, Mrs. Harlan Otis, who died yesterday afternoon at Denver, Col.

The body will be brought to Kansas City, the old home of Mrs. Otis, for burial. She had been a sufferer with tuberculosis and went to Denver some time ago seeking health improvement.

Before her marriage to Mr. Otis she was Miss Moorehead of Kansas City.

Without Not With Option.

Using "with" instead of "without" before the word option in our list of bids for the Nodaway township bonds made it seem that the Mercantile Trust company of St. Louis offered the same conditions and interest as the successful bid, but with a $48 instead of a $5 premium. The successful bid of the Gillam-Jackson Loan and Trust company was with option, which made it more desirable.

GREAT MEN COMING

TEAM OF MEN AND MILLIONS MOVEMENT NEXT SUNDAY.

AT CHRISTIAN CHURCH

Purpose is to Get 1,000 Volunteers for Missions and to Raise $6,300,000—Laymen's Enterprise.

A team of the Men and Millions movement will be at the Christian church next Sunday morning. It may be two or four men, and there is a good chance that Abram E. Cory of Cincinnati, one of the executive secretaries of the organization, will be here.

The movement is one of the laymen of the church. Twenty men are working in Missouri now, after having conducted rallies all over Texas, Kentucky and Illinois. They have a threefold purpose: To start the "every-member canvass" in each church, to secure the pledge of 1,000 young people to give themselves to missionary work, and to raise $6,300,000.

The movement began in a prayer meeting in China several years ago, when a group decided to come to America and asked for $100,000 and more workers. After arriving and holding a consultation with business men in the Christian church, it was decided to make the sum a half million.

When the canvass was well underway the goal was raised to a million, then to $2,000,000. It was at this point that R. A. Long of Kansas City made his famous offer of $1,000,000 if the church would raise $5,000,000 more. Special emphasis is placed upon the "every-member canvass" as the best means of getting proper support for all the organizations of the church.

Men Will Not Be Announced.

Rev. and Mrs. R. L. Finch, Mrs. M. H. Henderson, Mrs. J. D. Frank and Miss Bertha Anderson attended a conference of Christian church workers of northwest Missouri in St. Joseph Saturday, when the meeting was arranged for. The addresses of Dr. and Mrs. Drummond yesterday were considered preparatory to the great meetings next Sunday.

The prayer meeting of the church will be led by Mrs. Henderson, Mrs. Frank and Miss Anderson. It will be a mass meeting of the church at which time all arrangements for making next Sunday one of the great days in the history of the church will be completed. Twenty women of the church have pledged themselves to pray simultaneously each day for the men who are to come and for the church that it may be ready for the message.

The policy of the Men and Missions movement is not to announce what men will be here. Rev. Finch will not know himself until the men get here.

Announcement.

We are authorized to announce Robert I. Young of Buchanan county, as a Democratic candidate for Congress from the Fourth district subject to the primary election to be held August 8, 1916.

Shenandoah is providing herself with a bigger and more accommodating hotel.

Along with the movement for adequate preparedness comes the question of coal for the winter

It's too bad, the way words are cheapened. Almost every little farm gathering is an agricultural congress.

It is generally discovered, sooner or later, that the success of all good enterprises depends on the fundamentals.

That new Greek premier is honest among diplomats. He is careful to add an "at present" to all his denials or announcements.

A declaration of war causes about as much excitement in the world now as the announcement of another murder in Chicago.

Shenandoah lost $300 in its county fair and wants to try something new. Our Iowa friends might interview the Maryville Fair association and learn how to run a fair successfully.

St. Joseph will have Billy Sunday in the auditorium Monday night and a prize fight in the auditorium Tuesday night. It might have been a little more appropriate to reverse the order.

The people who go out of Maryville to buy their goods are, as a rule, property owners here who should know that if they succeed in destroying the growth and prosperity of the town they are at the same time destroying the value of their own property.

It's amazing how the war is effecting the price of everything. With a long winter coming on it is now found that the price of colds has more than doubled. Quinine, calomel, glycerine and all the et ceteras that go to make a first class cold endurable have increased in cost from two to ten times what they cost at wholesale a year ago.

This city is the rendezvous of a great number of marauders who go out and pillage the surrounding farms every day—blackbirds. Several large trees are filled with them every night, and a pump gun would bring down enough to make a blackbird pie for the whole population. Or, if pie isn't wanted, the federal bureau of agriculture says they are great feed for making hens lay.

CLING TO OLD IDEAS

HOUSEWIVES SLOW TO ABANDON ANTIQUATED METHODS.

But There Are Many New Ways of Cooking That Are Superior to Those That Have Been Long in Use—Here Are a Few.

Most of us believe what we are told. If you tell a child a lie, it will believe it as readily as the truth very often. If you tell anybody that a tin pan on an asbestos mat is very hot, he will believe you, very probably, and be careful not to touch the pan, although it may be cold. So it is with the lore of cooking—most of us believe it, take it for granted. It has descended to us, it has been told to us by others. And few of us experiment for ourselves to prove its truth.

So it is that we beat eggs with a fork, laboriously, when we wish to have them especially light. We have learned to believe, because we have been told so, that eggs beaten with a fork are lighter than eggs beaten with a Dover egg beater. They are not. That is the decision of a very careful cook, who has experimented with both kinds of eggs. So why waste arm muscle using a fork, when an egg beater does the work in half the time and less?

Another thing we have believed for years is that gelatin, if boiled, would not jelly. It will. Boiling does not seem to affect it—again, according to careful experimentation.

When jelly, made of fruit juice and sugar, will not jelly, it sometimes needs less sugar, rather than more—that is to say, there is so much sugar that a thick sirup instead of a jelly results, and so more fruit juice must be added to bring the right results.

Another bubble to prick—it is not necessary to have cold oil and eggs, bowls and spoon for making mayonnaise. What is necessary is uniformity of temperature. If the oil has been standing in the temperature of the room, let the eggs and bowl stand there until they are all approximately of the same temperature. If the oil has been next to the ice, put the bowl, the spoon or beater and the egg there to become equally cold.

Fruit Salad.

This delicious and ever welcome dish is made by slicing or cutting into dice various kinds of fruits, fresh or preserved, such as peaches, apricots, bananas, pineapple, orange etc. Arrange the fruit in layers in a salad bowl or deep glass dish, sprinkle each layer of fruit with sugar, and pour over a little good sherry or Madeira wine, one or two wineglassfuls, according to the quantity of fruit used, also a small quantity of plain sirup. Place the bowl on the ice for about two hours. Just before serving add a small glass of liquor, such as Kirschwasser, Curacao, Benedictine or Chartreuse. This is a most refreshing dish, suitable to all seasons of the year, but more especially for hot summer days.

Mending Curtains.

Try this method of mending lace curtains: After washing carefully, place curtain on frame. Take a needle and use thread according to curtain. Do not knot but tie end of thread to curtain and then proceed to weave in and out curtain as near like the pattern as you can. Small holes may be drawn together. For the larger holes you can readily see what is best to be done. If the curtain begins to dry just take a cloth wet in the starch and apply around the holes. When curtains are hung these places will hardly show.

Rice Chicken Pie.

Boil until tender one chicken or a good fowl, barely covering with water; remove and boil two cupfuls of rice in the same water; salt while boiling; put the rice into a dish and stir in one teaspoonful of butter, one and one-quarter cupfuls of hot milk and two beaten eggs; season with salt and pepper, put a layer of chicken in a baking dish and then a layer of rice, and so on, until the dish is full, having rice on top; dot with butter and bake till brown.

Celery Roast.

Toast neat slices of bread, butter and trim the crusts from them. Drain, dry and broil small oysters till their edges begin to curl, then spread them over the toast. Sprinkle with salt and cover thickly with finely chopped celery. Pour a cupful of hot cream sauce over the dish and place in the oven for a few moments. Serve very hot.

PARISIAN DRESSMAKERS WORK FOR ITS ADOPTION.

Charming Model Recently Seen in France Is Described by Correspondent—Postilion Hat Sure to Be a Favorite.

Several notable Parisian dressmakers are reviving the long tunic. Some of the latest Callot models give this effect; Redfern also seems to favor the long, graceful tunic. But in all cases the underdress is quite as full as the tunic, indeed, the latter gives the effect of a double skirt, or immensely long flounce.

A Callot model, recently worn at Biarritz by the duchess de Arion, lady-in-waiting to the queen of Spain, had an underdress of black charmeuse and a very long tunic of old yellow lace. On the hips, under the lace tunic, there was a deep insertion of silver lace, worked over with tiny beads in various shades of red, blue and gray.

There were full lace sleeves, caught in at the wrist by bands of beaded silver lace, and a touch of rose pink was very cleverly introduced on the corsage. With this charming garden-party dress the duquesa wore a large, flat-brimmed hat, made of black chiffon and lined with black chip.

Lewis is showing many lovely hats and toques. At first sight these models are quite startling, because in almost all cases the crowns are high, some of them even exaggeratedly high. The very newest and most popular model is the "Postilion" hat in black silk beaver.

This is truly a quaint shape. Narrow in the brim and very high in the crown, with no trimming save a folded drapery drawn through a long diamond buckle; the latter being placed right in front of the hat. It is certain that this model will be one of the most fashionable novelties of the fall and winter seasons.

It is just the right hat to wear with a Cossack coat; or with a redingote costume which is finished with a jersey silk sash. To women of regular features these postilion hats are infinitely becoming. Lewis is making his postilion shapes in many different materials, though those in black silk beaver are, perhaps, the best of all.—Paris Correspondence of the Boston Globe.

An Early Winter Model by Redfern, a Long Cossack Coat With Full Skirt to Match of Tan Covert Coating, a Sash of Black-and-Tan Striped Silk Jersey.

Quick Changes.

In an age when styles change over night, it is not the part of sartorial wisdom to lay so much stress on the wearing qualities of fabrics that one is left with old-fashioned but perfectly good frocks on one's hands. Few women appreciate a remodeled gown as much as a new one. Of course a good quality of unadulterated material is superior to any substitute. What one should strongly protest against is being charged for the real thing and given an imitation.

The Link-Button Idea.

Buttons are again to be featured in the autumn styles. Big ivory buttons are used on cloth one-piece frocks with striking results. The link-button idea is developed on some of the new frocks. Two large buttons are joined by a band of silk or a cord and are thrust through two buttonholes in the sort of standing collar that does not quite meet under the chin and through the sleeves open at the wrist.

Custard and Spinach.

Boil a quart of spinach in salted water until tender and press dry, setting aside until cold. Beat two eggs, add a teaspoonful of salt and gradually a pint of hot milk, stirring well. Add the finely chopped spinach and cook in hot water until firm. Cut in cubes when cold and serve as a garnish with clear soup.

Round Steak; Spanish Style.

Broil round steak until nicely browned on both sides; pour into a frying pan one can of tomatoes, one teaspoonful salt, one-fourth teaspoonful pepper, one grated onion and one teaspoonful of table sauce; cook slowly in oven until meat is done, or about half an hour; remove meat to hot platter and surround with sauce.

Corn Fritters.

Cut from the ears a pint of green corn. Beat together a cupful of milk, two tablespoonfuls of melted butter, one egg whipped light, salt to taste and enough flour to make a thin batter. Into this stir the grated corn. Beat hard and cook, as you would griddle cakes, upon a soapstone griddle.

Walnut Caramel Cake.

Cream one-half cupful of butter with two cupfuls of sugar and add the well-beaten yolks of four eggs. Sift together three cupfuls of pastry flour and three teaspoonfuls of baking powder and add to the mixture alternately with one cup of milk. Flavor with one teaspoonful of vanilla, add one cupful of floured and chopped walnut meats, then fold in the stiffly beaten whites, bake in a loaf and cover with caramel frosting.

Caramel Frosting.—Boil three-fourths cupful of thin cream, one-half cupful of sugar and one tablespoonful of caramel and flavor with one teaspoon of vanilla. To make the caramel, melt one-half cupful of sugar, stir in gradually one-third cupful of water and let boil up once.

Black Currant Souffle.

Have two medium sized souffle dishes. Take two pounds of black currants, add four ounces sugar, two spoonfuls of water. Cook to extract the juice and press through a fine sieve. Melt one ounce of white leaf gelatin and add, and then whip in half a pint of thick cream. Place in dishes and fill, so that when the paper is removed the souffle will be half an inch beyond the top of the dish. Keep on ice an hour or two before serving, pipe, or entirely cover the top with whipped cream.

Tomato Canapes.

This is a pretty luncheon dish as well as a substantial one and easy to make into the bargain. Slice large, well-shaped tomatoes without peeling them and cut slices of bread to fit. Fry the bread and lay a tomato slice on each piece. Sprinkle with chopped green pepper, bits of butter and a little grated cheese. Season well and broil till the tomato is heated thoroughly. Serve hot.

Nut Patties.

Beat one egg, without separating, until light. Add gradually one cup of powdered sugar and beat until very light. Add five tablespoonfuls of flour, one cupful of finely chopped nut meats, and stir until thoroughly and smoothly mixed. Drop by the tablespoonful on greased tins and bake for 15 minutes, or until they are a light brown, in a quick oven.

Pepper Relish.

One dozen red peppers, one dozen green peppers, 15 medium onions. Remove all the stems and seeds and put through grinder. Pour boiling water on and let stand ten minutes, drain. Add three cupfuls of vinegar, cupful and a half of sugar, three tablespoonfuls salt. Boil 15 minutes. Seal in small jars. Delicious with cold meat.

My Psalm of Life.

(By Byrd Mock.)

I get to give,
I eat to live,
I sing my song all day;
If joy be mine
Or clouds incline
I do my best alway.
I live to learn,
I pine and yearn
To do some good each day—
To lift the load
Along the road
From whatever soul I may.
I work to win
And baffle sin
While striving every day
Lest set of sun
Find no good done
To any on the way.

HOLDS AGRICULTURAL MEET

Clearmont Business Men and Teachers Arrange Profitable Affair for Saturday—Premiums Awarded.

One of the most interesting and profitable affairs held by the town of Clearmont was the agricultural congress held Saturday under the direction of the school teachers and business men of the town The display was held in the Webber building and the exhibits were in charge of Prof. George Summerville, principal of the Clearmont schools. He was assisted by Misses Bertha Cross, Hazel Noblett, Neva Wallace and Bertha Criswell, grade teachers.

In a number of the classes there was only one entry and for that reason no premiums could be awarded. Miss Shell, head of the domestic science department of the Clarinda, Ia., schools, was the judge of the cookery entries.

George Ripley won the first prize for the best ten ears of white corn, and Mrs. George Wolff for the best ten ears of yellow corn. The sweepstakes on corn was won by George Ripley.

Mrs. Fred Wilson won the prize for the best loaf of bread baked from Zephyr flour, and Mrs. Frank Turpin for the best loaf baked from Red Top flour. Miss Margaret Caldwell was awarded the prize for the best cake baked from Zephyr flour, and Miss Daisy Hollis for the best cake baked with Goochie flour.

Mrs. Sam Taylor won the sweepstakes prize on bread. The domestic science and agricultural displays were very fine and the event will probably be made an annual fall affair.

Obituary.

On the evening of October 11, 1915, the death angel entered the home of Joseph Crawford and called for the wife and mother,

Mary Jane Reichelderfer was born in Pickaway county, Ohio, September 2, 1850. She united with the German Lutheran church when she was about 12 years of age, and has felt her safeth in the Lord all her life.

She was married to Joseph A. Crawford in the year 1864, to which union five children were born, two of which have preceded her into futurity. The three living, Alice Saltzman, Ida Mendenhall and J. E. Crawford, all of Wilcox, were with the mother at the time of her death.

Mr. and Mrs. Crawford came to Missouri in 1876 and have lived in Nodaway county, Missouri, ever since.

In May, 1914, she had a stroke of paralysis, and has been an invalid most of the time since.

She was an excellent wife, a loving mother and faithful friend, always striving to make home and loved ones comfortable, even though it was a service of weariness to her.

Relatives and friends to a great number were present at the funeral services and interment.

Short services were held at the home, after which J. E. Price, the Maryville undertaker, bore the body to the Wilcox cemetery where it was laid to rest.

Elder James M. Brewster, pastor of the Christian church at Wilcox, assisted by Rev. Robison, pastor of the M. E. church, conducted the services.

The bereaved ones wish to thank the friends and neighbors for their help and sympathy in this hour of trouble.

Mission Circle Met Saturday.

The Mission Circle of the Christian church, whilch was organized eleven years ago this month by Mrs. H. A. Denton, wife the the Christian minister here at that time, had what was considered an unusually interesting meeting Saturday at the home of Mrs. George Pat Wright. Mrs. Drummond, whose husband is the living link of the local church, and a medical missionary in Hurda, India, told of their life in India, of the customs of the natives and of conditions existing in that country. Mrs. Drummond had with her a large hand-made map of Hurda, and also two costumes. One was the type of what the poorer class wear, while the other was an expensive red silk trimmed in gold which had been given to Mrs. Drummond by a native. This dress was a continuous strip of material, pleated at regular intervals to add a little fulness. Mrs. Drummond wrapped this about her in the native fashion. It even covered the head, and there was enough left to cover the mouth while talking, which is considered very modest. Another feature of the program was the reminiscences of the first meetings, given by the charter mambers, Mesdames H. P. Hosmer, G. B. Roseberry, F. P. Robinson, Arch Frank, C. T. Bell and J. S. Shinnabargar. The organization reported a membership of sixty, a clearance of $100.85 at their annual rummage sale held last month, and the amount of $428.97 as having passed through the treasury during the last year. The ladies now have $156 out on interest. One new member, Mrs. Frank Mowrey, was taken into the Circle at this meeting. The complete program under the leadership of Mrs. J. D. Richey, was given as follows: Scripture Lesson, Romans 8. Reminiscences, Charter members. Bird's Eye View of "The King's Highway," Miss Fannie Hope. Bible Study, "The Tents of Abraham," Mrs. H. B. Schuler. "Home Missions A National Force," Mrs. Frank Reavis. Talk on India, Mrs. Drummond. Vocal Solo, "The River of Years," Mrs. Harry Todd.

The hostess, assisted by Mrs. G. W. Stafford and Miss Jessie Bent served refreshments after the program.

For October Bride-Elect.

Miss Mildred Robinson, who will be an October bride, was the honored guest of two delightful affairs given Saturday by Mrs. George B. Baker and Mrs. Edward Wolfert at the Baker home, on West Third street, when they entertained guests at six tables of six-hand euchre in the afternoon and a similar number in the evening. Pink was emphasized in the decorations and game favors, and the same color was carried out in the menu served. Pink chrysanthemums were the flowers used in the living room, and pink roses in the music room and dining room. The game prize for the afternoon was won by Mrs. L. E. Forsyth, and the evening prize was awarded to Mrs. Hal T. Hooker. The visiting guest prize was won by Mrs. R. K. Townsend, and courtesy favors were awarded to the honored guest at both afternoon and evening games. The out-of-town guests were Mrs. R. K. Townsend of Oklahoma City, Okla., who is visiting the E. L. Townsends; Mrs. William Johnston of Seattle, Wash., the guest of the Bellows families, and Mrs. Harold Ford of Chicago, who is visiting her parents, Dr. and Mrs. C. S. Jackson.

Entertains Society.

Mrs. John Awalt and Mrs. R. G. Allan entertained the Ladies' Aid society of the Buchanan Street Methodist church Friday afternoon at the home of Mrs. Awalt. The afternoon was spent in making articles for the bazaar which the society expects to give the first week in December. Later a luncheon was enjoyed. The afternoon is the first of a series to be held with the hostesses selected alphabetically from the members. A silver offering is taken at each meeting. The visitors present were Mrs. Ferrill, Mrs. S. P. Davis, Mrs. Louella Landfather, Mrs. R. C. Seal, Mrs. I. E. Tulloch and Mrs. Pyle of Plattsburg, who is the guest of Mrs. C. C. Pyle.

We Have War Maps Enough
Make Nodaway County
The Big Place on Your Map

The trade of this fine county is yours if you go after it. Every prosperous farmer in this great agricultural section is a possible customer of yours. Every farmer's wife and child is a possible buyer of your goods. Take the map of your own county and concentrate on it. Make your publicity reach every radius from your store.

The assessed valuation of Nodaway county is $17,683,660. It produces more corn than all the New England States combined. It is the leading hog producing country of the United States and one of the leading producers of fine cattle and horses.

These facts make it quite evident there is money to spend here, of course sometimes there may be slow seasons. But in the long run the trade goes to the man who keeps after it consistently and steadily.

The Democrat-Forum reaches all parts of this ideal farming section every day. Your advertising and trade news in The Democrat-Forum will reach thousands.

Kansas City High School Club Will "Cut Out" Slang.

Kansas City, Oct. 18.—Death sentence has been pronounced on slang! Students of English in the manual training high school have formed a good English speaking club. Hereafter, instead of "I got busy," the student will remark, "I accentuated my activity," and when one is heard declaring Walt Whitman was a "great old boy," he will be reprimanded strongly by members of the club.

Girls who say "ain't he the limit?" will be fined as high as 10 cents. In expressing the same sentiment a fine may be avoided by perpetrating this: "The young man in question has certain limitations which make him a subject for my disapproval." All members of the classes will act as critics and make a list of mistakes made by pupils in the class.

It will no longer be possible to make witticisms on "stewed chicken," or to declare the teacher is a "peach." If a pupil wishes to give vent to such an opinion he must do so in some such style as this: "The young female pedagogue is of estimable character and eminently attractive to me personally."

The purpose of the club is to develop better grammar and command of English.

424 Bushels of Wheat from Ten Acres.

One of the best yields of wheat that has been reported in the county was made on the George Brown farm south of town. A field containing a little over ten acres, near the Star school house, produced 424 bushels, which is an excellent yield any year. The grain was of better quality than the average and repaid the Brown boys for their hard work to save it.—Burlington Junction Post.

Nineteen Loads of Apples.

A. Johnston, king of apple buyers, has sent nineteen loads to market from this part of the county this fall. Of the nineteen six were sent from Burlington Junction. If the orchard owners in this vicinity would spray and care for their trees they would yield a good income almost every year.—Burlington Junction Post.

VARIETY OF RECIPES

ALL WORTH REMEMBERING BY CONSCIENTIOUS COOK.

Vegetable Soup as It Should Be Made for the Best Results—Potato That Will Be Attractive to the Invalid.

Vegetable Soup.—Take one large potato or two small ones, one carrot and one turnip of medium size, and one small onion; wash, pare and slice them, and let them boil for one hour in one quart of water, adding parsley or any herb preferred for flavoring, and more water as it boils away, so that there will be a quart when done. Thicken with a spoonful of flour or cornstarch, dissolved in a little cold water; or a spoonful of rice or any coarse cereal may be added when the vegetables are half cooked. Strain off the liquid, season to taste, and add a few spoonfuls of sweet cream. If a dish a little more substantial is desired, the vegetables may be rubbed through the strainer also and mixed with the liquid.

Bread Panada.—Toast slowly several slices of stale light bread, until they are a golden brown all through. Pile them in a bowl, sprinkling each one with a little sugar and a pinch of salt; then cover with boiling water, close tightly, set the bowl in a pan of boiling water and let simmer gently until the bread is like jelly. Serve warm, with sugar and cream and a grating of nutmeg.

Potato for an Invalid.—Where potato is allowed, select such as will boil up dry and mealy. Peel them and boil until well done, then mash very thoroughly with a wire masher until perfectly free from lumps. Add rather more salt than usual and several spoonfuls of thick, sweet cream; then beat until perfectly smooth and light, and serve at once. Potato served in this way is delicious and much more easily digested by a weak stomach then when eaten with butter.

Fruit Toast.—Fruit toasts are delicious and appetizing and may be made either with fresh or canned fruit. Dip the slices of toast in the hot juice, removing them quickly to a hot dish, then thicken the juice slightly with cornstarch, adding the pulp, rubbed through a sieve or finely chopped, and pour all over the toast.

Fruit Whip.—A nourishing way of serving fruit, either fresh or canned, is to press it through a sieve or wire gravy strainer and then stir it into whipped cream, regulating the amount of fruit as desired and sweetening to taste.

Egg Souffle Toast.—Place a slice of toast on a white enameled plate, spread with fresh butter or very thick sweet cream, heap on top the stiffly whipped white of an egg, hollowing out the top to form a nest. In this place the yolk. Set in the oven to cook the egg lightly.

Oyster Pate.

One pint oysters, one tablespoonful each butter and flour, one cupful cream, cayenne, grated nutmeg, yolk of one egg, chopped parsley. Line a shallow baking dish with rich crust. Make sauce of butter, flour, cream, sauce, and when heated through whip in the well-beaten egg yolk. At once pour into the pastry crust (previously baked) and heat in oven about eight minutes. The crust can be molded over inverted muffin cups or made in the regular baking dish lined with paste, and even covered with a second crust is most attractive.

Economical Cake.

The most surprising of cakes can be produced without eggs or butter. To a teaspoonful of bicarbonate of soda dissolved in a teaspoonful of warm water add a cupful of sour milk, three-quarters of a cupful of brown sugar and a half a cupful of treacle. See that the sugar is well dissolved, and then add two cupfuls of brown flour, a good pinch of ginger and a teaspoonful of cinnamon. Beat to smoothness, and pour in while stirring a quarter of a pound of floured raisins—less can be used. Bake in a slow oven for a good hour. This cake is economical, and will keep a long time, but it is better not to cut it for a day or two.

Manhattan Pudding.

Mix together the juice of three oranges, a lemon and a half cupful of sugar; let stand several hours. Whip a cupful of heavy cream, add a half cupful of powdered sugar and a cupful of chopped nuts or candied fruit. Rub a mold sparingly with olive oil, pour in the fruit juices, spread with the whipped cream mixture and cover with paraffin paper, put on the lid and bury in ice and salt for three hours. Serve garnished with sections of orange which have stood over night in a thick sirup of sugar and water.

Scrambled Eggs With Asparagus Tops.

Melt three ounces of butter in a saucepan, break into it six fresh eggs; season with a pinch of salt, half a pinch of pepper and a third of a pinch of grated nutmeg. Mix thoroughly without stopping for three minutes, using a spatula and having the pan on a very hot stove. Add a quarter of a bunch of freshly boiled asparagus tops.

Apple Float.

When making apple float, try baking the apples instead of stewing them. The pulp is removed from the skins and mixed with the whites of the egg, which makes the float much lighter than the old way.

10-CENT "CASCARETS" BEST LAXATIVE FOR LIVER AND BOWELS

Don't Stay Constipated, Headachy, Bilious, With Breath Bad or Somach Sour.

No odds how bad your liver, stomach or bowels; how much your head aches, how miserable and uncomfortable you are from a cold, constipation, indigestion, biliousness and sluggish bowels—you always get relief with Cascarets.

Don't let your stomach, liver and bowels make you miserable. Take Cascarets tonight; put an end to the headache, biliousness, dizziness, nervousness, sick, sour gassy stomach, bad cold, offensive breath and all other distress; cleanse your inside organs of all the bile, gases and constipated matter which is producing the misery.

A 10-cent box means health, happiness and a clear head for months. All druggists sell Cascarets. Don't forget the children—their little insides need a gentle cleansing, too.

GOOD LUNCHEON FOR CHILD

Delicacies the Youngster Will Appreciate and That Will Keep Him in Best of Health.

Fairy Apples.—Pare and core enough tart cooking apples to fill a baking dish; cover them with sugar, and put a little cold water in the dish, also several slices of lemon and two cloves. Then pour a little melted butter over the apples and bake them until tender. Serve them cold, with a blob of fruit jelly put on the top of each and whipped cream about them.

Ambrosia.—This delicious dessert could be an occasional treat, as it is rather troublesome to make. It requires grated cocoanut, sliced oranges and bananas, sugar and a wee taste of lemon juice. Fill a dish with layers of the different fruits, putting sugar over each one, and continue in this way until the ingredients are all in. Let the dish "blend" while in a cool place before serving. Fresh cocoanut is needed, and if the milk of the fruit is sweet this may be added to the dessert.

Brown Sugar Sandwiches.—For the children incessantly craving sweets brown sugar is an excellent thing to keep in the house. Spread it thickly on buttered white bread and put the slices together so as to make narrow sandwiches.

Quick Ginger-Cake Pudding—Get any sort of small or large ginger or molasses cakes from the grocer and cover them with a custard made of boiling hot milk into which several eggs are beaten up. Pour the milk gradually into the eggs, stirring vigorously all the while; sweeten and pour over the cakes, allowing them to stand until they have "drunk" up a good deal of the custard. Serve warm or cold.

Apple Pudding.

Pare and core one-half dozen not very tart apples. Butter a granite saucepan and set in apples with very little water. Add one cupful of sugar, two tablespoonfuls of brandy and a dash of nutmeg. Put over a slow fire, cover and let simmer without cooking hard till apples are tender. Take up when done, being careful not to break them, and set away to cool, pouring over them the sirup in which they were cooked. When quite cold and ready to serve put in a glass dish, sprinkle them over with fine macaroon crumbs and send to table.

Crinoline Facings.

Crinoline facings are a feature of many of the new dance frocks. These supports are used for the overskirts. Tulle-made frocks depend upon corded hems for their extended effects.

Princess underslips of satin in pale colors are being brought forward. These are for wear under dancing frocks made of tulle, net and lace. Flesh colors, white and black are the preferred all-one-color modes, but striped and brocaded silks and satins are draped with airy white tulles—after the fashion of the 1795 period. Basques are boned and girdles are growing broader.

DAILY DEMOCRAT-FORUM

NEWS DISPATCHES FROM THE INTERNATIONAL NEWS SERVICE.

VOLUME 6. MARYVILLE, MISSOURI. MONDAY, OCT. 18, 1915. NO. 117.

THEIR LIFE IN INDIA

DR. AND MRS. DRUMMOND TELL INTERESTING STORIES.

MANY QUEER CUSTOMS

Indians Don't Praise Children; Fear Light When Sick, But Bathe Frequently.

Of a wife in India, who jumped into a well because her husband complained of the bread being burned, and of many other things equally as interesting or funny, Dr. and Mrs. C. C. Drummond told at the Christian church yesterday concerning their life in India. Dr. Drummond is the "Living Link" of the local church.

The above incident was humorous because the wife was "fished out" of the well safely. She said that the husbands didn't really hurt their wives when angry and they just called it "making them understand." Mrs. Drummond said that the women there are shocked inexpressibly by some of the pictures in the catalogues of women's ready-made garments.

She said in opening her talk that she was somewhat like the wife of a man in India of whom the husband said in English that she was a little bit "backward and forward." He was trying to get the English idiom which meant that she was diffident. In closing she told of the students in a school for native princes for whom a tennis court and equipment was all prepared. When they learned what the game was, however, they refused to play, saying that it was just like work and that they would order their servants to play while they watched them.

"So I'd rather let someone else talk," said Mrs. Drummond, "while I sit and watch." Dr. Drummond then told of his medical work in a series of unique experiences. Most of the patients are dispensary users. And the receptacles which they bring to get medicine are very ludicrous. Ink bottles, beer bottles, and kitchen utensils. One man brought a quart tin cup to get some eye-drops.

Kitchen Most Sacred Place.

Their first movement when one gets sick is to shut out all light and air. They still use the lamps of Bible times and the odor in a room soon gets terrible. Many die from that cause alone Yet they are cleanly and high caste Bramas take a full bath before every meal.

The kitchen is their most sacred place in their home. After having seen a foreigner or one of lower caste, they will not enter the kitchen until they have changed clothes completely. They never grind flour but for one day and the women all get up at 4 o'clock every morning to prepare the meal. The men get up at that tme to begin their worship every day.

"They are past masters at lying," said Dr. Drummond. "Their eye look you full in the eye and with the most innocent look, tell you a lie when they know that you know that they are not telling the truth.

We had a servant named Abraham who was one of the best at the art.

Indian Boy Named "Polly."

"Many of the Indians have Bible names because of the Mohammedan religion which embraces the Old Testament. We know many Davids and Solomans, Roman Catholics have spread the names of Church fathers also. We knew a boy named Polycarp and he was known to all his native associates as 'Polly.' Another funny Indian name to English ears was Damtheboy."

Another peculiar superstition of the natives is that children must not be praised. They fear that if one says "What a nice baby that is!" that the gods will hear it and want the child. One missionary made such a remark about a little boy once and the child happened to die within a month. It ruined his influence in the region almost.

Dr. and Mrs. Drummond hope to sail from Vancouver December 11. When they get back they will find a new hospital and equipment awaiting them. Dr. Drummond spoke of the help it will be in better facilities for performing difficult operations. A report is made to the British government yearly of all diseases treated.

Worship Based on Fear.

The Indians are very religious, according to the speakers last night, but their worship is based almost entirely upon fear. Some of the most joyous of Christians are lepers. Dr. Drummond spoke at length upon their lives. Although no cure has ever been found, their sufferings have been much alleviated in the many asylums. He believes that the disease is contagious and that they should be segregated.

They were entertained while here in the home of Mr. and Mrs. W. C. Frank. Mrs. Drummond is the "living link" of the Christian church at Frankfort, Ind.

REV. BURRIS RENTS HOME

New District Superintendent of Methodist Church Returns to Kirksville for Family.

Rev. W. F. Burris, district superintendent of the Methodist church, left this morning for Kirksville, where he will load his car, preparatory to moving here. He arranged for the rental of the house at 121 S. Mulberry street into which he will move his family.

Mr. Burris was entertained in the home of Rev. and Mrs. G. S. Cox while here, but he insisted that he was on his vacation, so he did not preach at either service of the Methodist church yesterday.

BAPTISTS OFF TO TRENTON

Only Rev. L. M. Hale, Charles Hyslop and Miss Helwig Were Able to Attend.

Rev. L. M. Hale, pastor of the Baptist church; Captain Charles Hyslop, clerk, and Miss Orril Helwig left this morning for Trenton to attend the meetings of the Missouri Baptist association, which opens tomorrow.

The other delegates of the local church, Mr. and Mrs. G. B. Holmes, Sr.; Dr. Karl R. Malotte and Mrs. W. M. Westbrook, were not able to go.

Mr. Hyslop is a member of the board of trustees of William Jewell college, which will meet during the convention. This is the eighty-first convention of that church in Missouri. A thousand visitors are expected.

THEY'LL DO ALMOST ANYTHING.

Latest Use for an Auto is Dr. K. R. Malotte' Cellar Digging.

Dr. K. R. Malotte has a little runabout of well known make (the advertising deparment dislikes for us to mention names). Last week he made this car act as a "donkey" engine or a trained horse is suposed to do.

He dug out a large cellar under his house. A man shoveled the dirt into a wheelbarrow to which a rope was tied, attached on the other end to the rear axle of the Fo—the runabout. When the barrow was full the man took hold of the handles, and his heels were almost cracked together as the automobile went down the street and the load of earth came out of the basement.

Meets Family Here.

Wray Dudley of Pittsburg, Pa., arrived in the city yesterday morning to join Mrs. Dudley and small son, who have been visiting her parents, Mr. and Mrs. John Wesley Herren. After a week's longer visit the Dudley family will return to Pittsburg.

MARRIED 60 YEARS

ELDER AND MRS. C. J. CARMICHAEL CELEBRATING TODAY.

ACCOUNT OF THEIR LIFE

Born in Indiana and Ohio, They Have Moved Many Times During the Years.

Elder and Mrs. C. J. Carmichael are celebrating their sixtieth wedding anniversary at their home, near Hopkins, today. A large crowd of friends and relatives gathered at noon today for a basket dinner, after which services were held.

Elders J. C. Jones and Walter Cash of the Primitive Baptist church of St. Joseph were among the speakers. Mr. Carmichael, who has been a speaker and elder in that church for fifty years, spoke of the events in his life.

He also gave to his friends a biography of their life, a part of which follows:

"I was born in Monroe County, Indiana, August 12, 1833, and my wife was born in Stark county, Ohio, May 8, 1840. She moved with her parents, John and Magdalina Hostetter, to Indiana, where we became acquainted in 1852.

To Missouri in Covered Wagon.

"This friendship ripened into love, and we were united in marriage October 18, 1855. Nine children were born to this union, of whom five are yet living. We came to this country in 1863, traveling in a covered wagon. We lived five miles southeast of Clarinda for two years.

"We then bought land on the Nodaway river, two miles north of Clearmont, where we lived until 1887. We moved from there to Frontier county, Neb., and lived there eight years. At this time a longing for the home country back east came over us and we moved to Stark county, Ohio, where we lived for eighteen years.

"We came back to Missouri two years ago. We became members of the Old School Baptist church in June, 1858, and I have been trying for a half century to speak to the people of that belief in a public way. My gratitude and my wife's goes out to you today for this celebration which you have arranged."

12 Great-Grandchildren.

The anniversary was prepared by the children and grandchildren, of whom there are twenty-nine, and by the great-grandchildren, of whom there are twelve. St. Joseph, Savannah, and all towns in the county, and several cities in southern Iowa were represented.

The five children of Mr. and Mrs. Carmichael yet living are Mrs. Martha M. Davis, Holbrook, Neb.; Mrs. Rachael E. Parks, Hopkins; Joseph D. Carmichael, Houston, Texas; Jacob S., York, Neb.; Isaac P., Pickering.

C. J. and Mary Ann Carmichael celebrated their golden wedding anniversary in Stark county, Ohio, at which all of the five children were present. It has been their rare privilege to enjoy their sixtieth anniversary together and The Democrat-Forum joins with all their friends in congratulations.

Mr. Carmichael is 82 years old and his co-laborer is 75. May it be their lot to enjoy many more anniversaries together in this life

REGRET REV. JOHN'S REMOVAL.

G. A. R. Passes Resolutions of Respect and Love for Chaplain.

The veterans of the Grand Army of the Republic met in their hall last Saturday and adopted resolutions of regret at the removal of their chaplain, Rev. C. H. John. No successor was elected.

Compliment to Rev. John.

The following resolution was unanimously adopted:

"Whereas, Our esteemed comrade and patriotic instructor, Rev. C. H. John, has changed his domicile from Maryville to Siloam Springs, Ark., thereby creating a vacancy in so important an office in this post; therefore, be it

Resolved, That the comrades of Sedgwick post, No. 21, Department of Missouri, G. A. R., sincerely regret the necessity that compels his departure from our midst; that this post deeply realizes the loss of his genial companionship, and especially his wholesome counsels rendered us in the line of duty in this post, and we wish him much happiness in the comradeship he may enjoy with new-found friends and comrades in his new home."

Mr. and Mrs. A. C. Nicholas and family spent Sunday visiting friends in Burlington Junction.

CHARLTON ITALIAN TRIAL ON

Young American Whose Wife's Body Was Found Five Years Ago, Faces Jury at Last.

Special to The Democrat-Forum.

Como, Italy, Oct. 18.—Porter Charlton, the young American whose wife was found in a trunk which was thrown into Lake Como five years ago, went to trial here today.

Judge Baron Sciacca overruled all motions for freeing Charlton or for postponing the trial. The prisoner was very nervous at first, but after the reading of the indictment he took the stand in his own defense and grew calm.

He requested that he be allowed to tell his story in private. This was granted and the court room cleared.

WEDDED AT ST. JOSEPH

W. J. Staples, Agent for Western Union, and Miss Ada Morin, Married Saturday Night.

OCCUPY STAPLES APARTMENTS.

Willis J. Staples, agent of the Western Union and Wells-Fargo Express company, and Miss Ada Morin of this city were married Saturday night at St. Joseph. The ceremony took place in the study of the Rev. Klick, pastor of the German Lutheran church, who read the marriage service for the couple.

Mr. and Mrs. Staples will occupy the apartments in the Staples building, over the Ashford millinery store, which were previously furnished ready for their occupancy. The bride has been employed for several years as operator for the Western Union.

DAVIS TEAM BEGINS WORK

Services Held Yesterday Afternoon by Gospel Workers at Central Friendship Church.

Ray Davis' gospel team from the Baptist church held a meeting at Central Friendship church yesterday afternoon. A revival has just closed there.

Those who went from here were: Ray Davis, D. E. McDonald, B. W. Lemon, Ed Brewer, William Everhart, Charles Hyslop, members of the team and personal workers.

Mr. and Mrs. Arch Carter accompanied the team and had charge of the song service. Others who drove over were Dr. K. R. Malotte, president of the Men's club of the church; Alexander Fraser, Walter Wiles and Mrs. Everhart.

SUNDAY AT ST. JOSEPH.

Will Hold a Meeting There To-Night and Several From Here Will Probably Attend.

Billy Sunday will speak at the auditorium in St Joseph this evening and several from Maryville are planning to go to hear him. Sunday has been conducting a meeting in Omaha and this meeting for St. Joseph is for tonight only, the purpose being to raise $5,000 for this year's work of the Union Gospel Mission of that city.

RETURNS FROM STATE SYNOD.

First Presbyterian Pastor Attends Annual Gathering at St. Louis.

Rev. William Moll Case, pastor of the First Presbyterian church, returned Saturday from St. Louis, where he had been in attendance at the annual meeting of the Missouri synod of the Presbyterian churches.

The meeting was a notable one and attended by representatives of the 300 churches of the state and a number of men from outside the state prominent in the denomination.

Mr. Case held his first pastorate at one of the St. Louis charges.

LOCALS WON AT PATTONSBURG.

Score Was 31-19, But the High School Lead First Half 14-10.

The picked team from Maryville defeated the Pattonsburg high school team Saturday night on the latter's court 31-19. It took the Nodaway boys some time to get used to the court, and Pattonsburg lead at the beginning of the second half 14-10.

Scarlett and Garard got four goals, Scott three and Lollis and Lyle two each. The boys were entertained in Garard's home while there.

Mrs. E. D. Holland Here.

Mrs. E. D. Holland of Hot Springs, Ark., arrived in Maryville Saturday to visit her parents, Judge and Mrs. W. C. Ellison. Another daughter, Mrs. Ike Thomas Pryor of Fort Stockton, Texas, is also visiting the home folks.

ALLIES ARE HOPEFUL

CAPTURE OF STRUMNITZA WILL AFFECT GREECE AND ROUMANIA.

ALSO PROTECTS RAILWAY

Greece is De-Mobilizing While Italian Cabinet Plans to Enter the Balkans.

Special to The Democrat-Forum.

London, Oct. 18.—The Allies invasion of Bulgaria is now in full swing. Strumnitza has been captured and this advance is expected to influence the attitude of Roumania and Greece strongly.

The capturing of this city will also protect the Nish-Saloniki railway along which the allied troops are being hurriad from the landing in Greece. It is believed that the fall of Strumnitza into the hands of the Allies may result in the other two Balkan countries entering the war soon.

Violent fighting is now in progress in four different regions of Servia. It is reported that the fleet of the Allies is bombarding Varna and Dedeagatch in Bulgaria.

Austria Protests to Greece.

Athens, Oct. 18.—The Greek government has received a formal protest from Austria of the occupation of the Salonika, railway line by the allies. The road runs through Greek territory.

Eight classes of auxiliary forces of the Greek army were disbanded last week which is the first intimation that Greece will demobilize.

Rome About Ready to Help.

Rome, Oct. 18.—An important cabinet meeting is being held today to discuss the Balkan situation. It is reported that the first steps are to be taken to aid Servia.

It is believed in official circles here that a covenant binding Italy to aid the Allies in the Balkans is being arranged.

Say They Are Making Progress.

Berlin, Oct 18.—It is announced that the Germans and Bulgarians invading Servia are making progress and that the Serbians are retreating in the Macva district. The Germans, in advancing on Plateau, south of Belgrade, captured two villages. The Bulgarians are occupying heights on the frontier, pushing forward in northeast Uskub.

It is announced slight gains have been made by the Germans in western and eastern theaters.

ORATORY TIME EXTENDED

Selections for Declamation Contests May Be Listed Till Next Saturday —904 in Other Rivalry.

The time for the entering of the selection for the oratorical and declamatory contests during the corn show next week has been extended until next Saturday, October 23. Only three boys and two girls have sent their pieces to Prof. H. P. Swinehart of the Normal.

It is desired to have two contests, one for boys and the other for girls, so the time for entries was continued until next Saturday, so that others may have an opportunity to get in. The contests will be held Wednesday night, October 29, in the Normal auditorium.

The list of entries for the contests for the Farm and Home association exhibits is now 904, which assures those in charge that the affair this year will completely eclipse all previous ones.

SUNDAY SCHOOL WORKER COMING

Dr. George D. Fracker to Visit Maryville Church Sunday, October 31.

The Rev. George D. Fracker, Ph. D., the newly appointed superintendent of religious education for the Presbyterian synods of Iowa and Missouri, will be in Maryville Sunday, October 31.

Mr. Fracker will take a part in the regular services of the day and in the afternoon a Sunday school workers conference will be conducted by Mr. Fracker.

Motor From St. Louis.

Mr. and Mrs. L. L. Johnson of St. Louis, arrived in the city Saturday night to visit Mr. Johnson's father, J. M. Johnson, and his sister, Mrs. W. T. Gray of West Fourth street and other relatives. The visitors made the trip in their car.

WILSON TO OPEN CAMPAIGN

Speech on National Defense to Manhattan Club Nov. 4 Will Be First Gun.

Special to The Democrat-Forum.

Washington, Oct. 18.—President Wilson will fire the opening gun in the presidential campaign of next year November 4, in an address to the Manhattan club in New York.

This announcement was made today. The subject of his speech there will be national defense.

THE GERMANS REPULSED

Three Attacks Made, But All of Them Driven Back by the French—First Activity there for Months.

Special to The Democrat-Forum.

Paris, Oct. 18.—It is announced that three attacks by the Germans during the night northwest of Souchez were repulsed by artillery and rifle fire. The German attacks north of Verdun were also repulsed. These are the first activities there for several months.

TEN BODIES FROM WRECK

Six-Months-Old Baby is Only Missing Person—Traffic Resumed Tonight.

Special to The Democrat-Forum.

Manhattan, Oct. 18.—Ten bodies have been recovered from the motor car wreck near Randolph Saturday. Others may have been swept down stream by the flood, however. The car has been brought here and other debris has been removed.

Traffic over the line will be resumed tonight. The entire fill must be replaced and the bridge strengthened. The wrecker cracked the abutments.

The only person known to be missing is a baby 6 months old.

MRS. HARLAN OTIS DEAD.

Funeral to Be Held at Kansas City—Maryville Relatives Attend.

Mr. and Mrs. Ed Otis left this morning for Kansas City, summoned there by the death of their daughter-in-law, Mrs. Harlan Otis, who died yesterday afternoon at Denver, Col.

The body will be brought to Kansas City, the old home of Mrs. Otis, for burial. She had been a sufferer with tuberculosis and went to Denver some time ago seeking health improvement.

Before her marriage to Mr. Otis she was Miss Moorehead of Kansas City.

Without Not With Option.

Using "with" instead of "without" before the word option in our list of bids for the Nodaway township bonds made it seem that the Mercantile Trust company of St. Louis offered the same conditions and interest as the successful bid, but with a $48 instead of a $5 premium. The successful bid of the Gillam-Jackson Loan and Trust company was with option, which made it more desirable.

GREAT MEN COMING

TEAM OF MEN AND MILLIONS MOVEMENT NEXT SUNDAY.

AT CHRISTIAN CHURCH

Purpose is to Get 1,000 Volunteers for Missions and to Raise $6,300,000—Laymen's Enterprise.

A team of the Men and Millions movement will be at the Christian church next Sunday morning. It may be two or four men, and there is a good chance that Abram E. Cory of Cincinnati, one of the executive secretaries of the organization, will be here.

The movement is one of the laymen of the church. Twenty men are working in Missouri now, after having conducted rallies all over Texas, Kentucky and Illinois. They have a threefold purpose: To start the "every-member canvass" in each church, to secure the pledge of 1,000 young people to give themselves to missionary work, and to raise $6,300,000.

The movement began in a prayer meeting in China several years ago, when a group decided to come to America and asked for $100,000 and more workers. After arriving and holding a consultation with business men in the Christian church, it was decided to make the sum a half million.

When the canvass was well underway the goal was raised to a million, then to $2,000,000. It was at this point that R. A. Long of Kansas City made his famous offer of $1,000,000 if the church would raise $5,000,000 more. Special emphasis is placed upon the "every-member canvass" as the best means of getting proper support for all the organizations of the church.

Men Will Not Be Announced.

Rev. and Mrs. R. L. Finch, Mrs. M. H. Henderson, Mrs. J. D. Frank and Miss Bertha Anderson attended a conference of Christian church workers of northwest Missouri in St. Joseph Saturday, when the meeting was arranged for. The addresses of Dr. and Mrs. Drummond yesterday were considered preparatory to the great meetings next Sunday.

The prayer meeting of the church will be led by Mrs. Henderson, Mrs. Frank and Miss Anderson. It will be a mass meeting of the church at which time all arrangements for making next Sunday one of the great days in the history of the church will be completed. Twenty women of the church have pledged themselves to pray simultaneously each day for the men who are to come and for the church that it may be ready for the message.

The policy of the Men and Missions movement is not to announce what men will be here. Rev. Finch will not know himself until the men get here.

Announcement.

We are authorized to announce Robert I. Young of Buchanan county, as a Democratic candidate for Congress from the Fourth district subject to the primary election to be held August 8, 1916.

Shenandoah is providing herself with a bigger and more accommodating hotel.

Along with the movement for adequate preparedness comes the question of coal for the winter

It's too bad, the way words are cheapened. Almost every little farm gathering is an agricultural congress.

It is generally discovered, sooner or later, that the success of all good enterprises depends on the fundamentals.

That new Greek premier is honest among diplomats. He is careful to add an "at present" to all his denials or announcements.

A declaration of war causes about as much excitement in the world now as the announcement of another murder in Chicago.

Shenandoah lost $300 in its county fair and wants to try something new. Our Iowa friends might interview the Maryville Fair association and learn how to run a fair successfully.

St. Joseph will have Billy Sunday in the auditorium Monday night and a prize fight in the auditorium Tuesday night. It might have been a little more appropriate to reverse the order.

The people who go out of Maryville to buy their goods are, as a rule, property owners here who should know that if they succeed in destroying the growth and prosperity of the town they are at the same time destroying the value of their own property.

It's amazing how the war is effecting the price of everything. With a long winter coming on it is now found that the price of colds has more than doubled. Quinine, calomel, glycerine and all the et ceteras that go to make

This city is the rendezvous of a great number of marauders who go out and pillage the surrounding farms every day—blackbirds. Several large trees are filled with them every night, and a pump gun would bring down enough to make a blackbird pie for the whole population. Or, if pie isn't wanted, the federal bureau of agriculture says they are great feed for making hens lay.

CLING TO OLD IDEAS

HOUSEWIVES SLOW TO ABANDON ANTIQUATED METHODS.

But There Are Many New Ways of Cooking That Are Superior to Those That Have Been Long in Use—Here Are a Few.

Most of us believe what we are told. If you tell a child a lie, it will believe it as readily as the truth very often. If you tell anybody that a tin pan on an asbestos mat is very hot, he will believe you, very probably, and be careful not to touch the pan, although it may be cold. So it is with the lore of cooking—most of us believe it, take it for granted. It has descended to us, it has been told to us by others. And few of us experiment for ourselves to prove its truth.

So it is that we beat eggs with a fork, laboriously, when we wish to have them especially light. We have learned to believe, because we have been told so, that eggs beaten with a fork are lighter than eggs beaten with a Dover egg beater. They are not. That is the decision of a very careful cook, who has experimented with both kinds of eggs. So why waste arm muscle using a fork, when an egg beater does the work in half the time and less?

Another thing we have believed for years is that gelatin, if boiled, would not jelly. It will. Boiling does not seem to affect it—again, according to careful experimentation.

When jelly, made of fruit juice and sugar, will not jelly, it sometimes needs less sugar, rather than more—that is to say, there is so much sugar that a thick sirup instead of a jelly results, and so more fruit juice must be added to bring the right results.

Another bubble to prick—it is not necessary to have cold oil and eggs, bowls and spoon for making mayonnaise. What is necessary is uniformity of temperature. If the oil has been standing in the temperature of the room, let the eggs and bowl stand there until they are all approximately of the same temperature. If the oil has been next to the ice, put the bowl, the spoon or beater and the egg there to become equally cold.

Fruit Salad.

This delicious and ever welcome dish is made by slicing or cutting into dice various kinds of fruits, fresh or preserved, such as peaches, apricots, bananas, pineapple, orange etc. Arrange the fruit in layers in a salad bowl or deep glass dish, sprinkle each layer of fruit with sugar, and pour over a little good sherry or Madeira wine, one or two wineglassfuls, according to the quantity of fruit used, also a small quantity of plain sirup. Place the bowl on the ice for about two hours. Just before serving add a small glass of liquor, such as Kirschwasser, Curacao, Benedictine or Chartreuse. This is a most refreshing dish, suitable to all seasons of the year, but more especially for hot summer days.

Mending Curtains.

Try this method of mending lace curtains: After washing carefully, place curtain on frame. Take a needle and use thread according to curtain. Do not knot but tie end of thread to curtain and then proceed to weave in and out curtain as near like the pattern as you can. Small holes may be drawn together. For the larger holes you can readily see what is best to be done. If the curtain begins to dry just take a cloth wet in the starch and apply around the holes. When curtains are hung these places will hardly show.

Rice Chicken Pie.

Boil until tender one chicken or a good fowl, barely covering with water; remove and boil two cupfuls of rice in the same water; salt while boiling; put the rice into a dish and stir in one teaspoonful of butter, one and one-quarter cupfuls of hot milk and two beaten eggs; season with salt and pepper, put a layer of chicken in a baking dish and then a layer of rice, and so on, until the dish is full, having rice on top; dot with butter and bake till brown.

Celery Roast.

Toast neat slices of bread, butter and trim the crusts from them. Drain, dry and broil small oysters till their edges begin to curl, then spread them over the toast. Sprinkle with salt and cover thickly with finely chopped celery. Pour a cupful of hot cream sauce over the dish and place in the oven for a few moments. Serve very hot.

REVIVING LONG TUNIC

PARISIAN DRESSMAKERS WORK FOR ITS ADOPTION.

Charming Model Recently Seen in France Is Described by Correspondent—Postilion Hat Sure to Be a Favorite.

Several notable Parisian dressmakers are reviving the long tunic. Some of the latest Callot models give this effect; Redfern also seems to favor the long, graceful tunic. But in all cases the underdress is quite as full as the tunic; indeed, the latter gives the effect of a double skirt, or immensely long flounce.

A Callot model, recently worn at Biarritz by the duchess de Arion, lady-in-waiting to the queen of Spain, had an underdress of black charmeuse and a very long tunic of old yellow lace. On the hips, under the lace tunic, there was a deep insertion of silver lace, worked over with tiny beads in various shades of red, blue and gray.

There were full lace sleeves, caught in at the wrist by bands of beaded silver lace, and a touch of rose pink was very cleverly introduced on the corsage. With this charming garden-party dress the duquesa wore a large, flat-brimmed hat, made of black chiffon and lined with black chip.

Lewis is showing many lovely hats and toques. At first sight these models are quite startling, because in almost all cases the crowns are high, some of them even exaggeratedly high. The very newest and most popular model is the "Postilion" hat in black silk beaver.

This is truly a quaint shape. Narrow in the brim and very high in the crown, with no trimming save a folded drapery drawn through a long diamond buckle; the latter being placed right in front of the hat. It is certain that this model will be one of the most fashionable novelties of the fall and winter seasons.

It is just the right hat to wear with a Cossack coat; or with a redingote

An Early Winter Model by Redfern, a Long Cossack Coat With Full Skirt to Match of Tan Covert Coating, a Sash of Black-and-Tan Striped Silk Jersey.

costume which is finished with a jersey silk sash. To women of regular features these postilion hats are infinitely becoming. Lewis is making his postilion shapes in many different materials, though those in black silk beaver are, perhaps, the best of all.—Paris Correspondence of the Boston Globe.

Quick Changes.

In an age when styles change over night, it is not the part of sartorial wisdom to lay so much stress on the wearing qualities of fabrics that one is left with old-fashioned but perfectly good frocks on one's hands. Few women appreciate a remodeled gown as much as a new one. Of course a good quality of unadulterated material is superior to any substitute. What one should strongly protest against is being charged for the real thing and given an imitation.

The Link-Button Idea.

Buttons are again to be featured in the autumn styles. Big ivory buttons are used on cloth one-piece frocks with striking results. The link-button idea is developed on some of the new frocks. Two large buttons are joined by a band of silk or a cord and are thrust through two buttonholes in the sort of standing collar that does not quite meet under the chin and through the sleeves open at the wrist.

Custard and Spinach.

Boil a quart of spinach in salted water until tender and press dry, setting aside until cold. Beat two eggs, add a teaspoonful of salt and gradually a pint of hot milk, stirring well. Add the finely chopped spinach and cook in hot water until firm. Cut in cubes when cold and serve as a garnish with clear soup.

Round Steak; Spanish Style.

Broil round steak until nicely browned on both sides; pour into a frying pan one can of tomatoes, one teaspoonful salt, one-fourth teaspoonful pepper, one grated onion and one teaspoonful of table sauce; cook slowly in oven until meat is done, or about half an hour; remove meat to hot platter and surround with sauce.

Corn Fritters.

Cut from the ears a pint of green corn. Beat together a cupful of milk, two tablespoonfuls of melted butter, one egg whipped light, salt to taste and enough flour to make a thin batter. Into this stir the grated corn. Beat hard and cook, as you would griddle cakes, upon a soapstone griddle.

Walnut Caramel Cake.

Cream one-half cupful of butter with two cupfuls of sugar and add the well-beaten yolks of four eggs. Sift together three cupfuls of pastry flour and three teaspoonfuls of baking powder and add to the mixture alternately with one cup of milk. Flavor with one teaspoonful of vanilla, add one cupful of floured and chopped walnut meats, then fold in the stiffly beaten whites, bake in a loaf and cover with caramel frosting.

Caramel Frosting.—Boil three-fourths cupful of thin cream, one-half cupful of sugar and one tablespoonful of caramel and flavor with one teaspoon of vanilla. To make the caramel, melt one-half cupful of sugar, stir in gradually one-third cupful of water and let boil up once.

Black Currant Souffle.

Have two medium sized souffle dishes. Take two pounds of black currants, add four ounces sugar, two spoonfuls of water. Cook to extract the juice and press through a fine sieve. Melt one ounce of white leaf gelatin and add, and then whip in half a pint of thick cream. Place in dishes and fill, so that when the paper is removed the souffle will be half an inch beyond the top of the dish. Keep on ice an hour or two before serving, pipe, or entirely cover the top with whipped cream.

Tomato Canapes.

This is a pretty luncheon dish as well as a substantial one and easy to make into the bargain. Slice large, well-shaped tomatoes without peeling them and cut slices of bread to fit. Fry the bread and lay a tomato slice on each piece. Sprinkle with chopped green pepper, bits of butter and a little grated cheese. Season well and broil till the tomato is heated thoroughly. Serve hot.

Nut Patties.

Beat one egg, without separating, until light. Add gradually one cup of powdered sugar and beat until very light. Add five tablespoonfuls of flour, one cupful of finely chopped nut meats, and stir until thoroughly and smoothly mixed. Drop by the tablespoonful on greased tins and bake for 15 minutes, or until they are a light brown, in a quick oven.

Pepper Relish.

One dozen red peppers, one dozen green peppers, 15 medium onions. Remove all the stems and seeds and put through grinder. Pour boiling water on and let stand ten minutes, drain. Add three cupfuls of vinegar, cupful and a half of sugar, three tablespoonfuls salt. Boil 15 minutes. Seal in small jars. Delicious with cold meat.

My Psalm of Life.

(By Byrd Mock.)

I get to give,
I eat to live,
I sing my song all day;
If joy be mine
Or clouds incline
I do my best alway.
I live to learn,
I pine and yearn
To do some good each day—
To lift the load
Along the road
From whatever soul I may.
I work to win
And baffle sin
While striving every day
Lest set of sun
Find no good done
To any on the way.

HOLDS AGRICULTURAL MEET

Clearmont Business Men and Teachers Arrange Profitable Affair for Saturday—Premiums Awarded.

One of the most interesting and profitable affairs held by the town of Clearmont was the agricultural congress held Saturday under the direction of the school teachers and business men of the town. The display was held in the Webber building and the exhibits were in charge of Prof. George Summerville, principal of the Clearmont schools. He was assisted by Misses Bertha Cross, Hazel Noblett, Neva Wallace and Bertha Criswell, grade teachers.

In a number of the classes there was only one entry and for that reason no premiums could be awarded. Miss Shell, head of the domestic science department of the Clarinda, Ia., schools, was the judge of the cookery entries.

George Ripley won the first prize for the best ten ears of white corn, and Mrs. George Wolff for the best ten ears of yellow corn. The sweepstakes on corn was won by George Ripley.

Mrs. Fred Wilson won the prize for the best loaf of bread baked from Zephyr flour, and Mrs. Frank Turpin for the best loaf baked from Red Top flour. Miss Margaret Caldwell was awarded the prize for the best cake baked from Zephyr flour, and Miss Daisy Hollis for the best cake baked with Goochie flour.

Mrs. Sam Taylor won the sweepstakes prize on bread. The domestic science and agricultural displays were very fine and the event will probably be made an annual fall affair.

Obituary.

On the evening of October 11, 1915, the death angel entered the home of Joseph Crawford and called for the wife and mother,

Mary Jane Reichelderfer was born in Pickaway county, Ohio, September 2, 1850. She united with the German Lutheran church when she was about 12 years of age, and has felt her safeth in the Lord all her life.

She was married to Joseph A. Crawford in the year 1864, to which union five children were born, two of which have preceded her into futurity. The three living, Alice Saltzman, Ida Mendenhall and J. E. Crawford, all of Wilcox, were with the mother at the time of her death.

Mr. and Mrs. Crawford came to Missouri in 1876 and have lived in Nodaway county, Missouri, ever since.

In May, 1914, she had a stroke of paralysis, and has been an invalid most of the time since.

She was an excellent wife, a loving mother and faithful friend, always striving to make home and loved ones comfortable, even though it was a service of weariness to her.

Relatives and friends to a great number were present at the funeral services and interment.

Short services were held at the home, after which J. E. Price, the Maryville undertaker, bore the body to the Wilcox cemetery where it was laid to rest.

Elder James M. Brewster, pastor of the Christian church at Wilcox, assisted by Rev. Robison, pastor of the M. E. church, conducted the services.

The bereaved ones wish to thank the friends and neighbors for their help and sympathy in this hour of trouble.

Mission Circle Met Saturday.

The Mission Circle of the Christian church, whilch was organized eleven years ago this month by Mrs. H. A. Denton, wife the the Christian minister here at that time, had what was considered an unusually interesting meeting Saturday at the home of Mrs. George Pat Wright. Mrs. Drummond, whose husband is the living link of the local church, and a medical missionary in Hurda, India, told of their life in India, of the customs of the natives and of conditions existing in that country. Mrs. Drummond had with her a large hand-made map of Hurda, and also two costumes. One was the type of what the poorer class wear, while the other was an expensive red silk trimmed in gold which had been given to Mrs. Drummond by a native. This dress was a continuous strip of material, pleated at regular intervals to add a little fulness. Mrs. Drummond wrapped this about her in the native fashion. It even covered the head, and there was enough left to cover the mouth while talking, which is considered very modest. Another feature of the program was the reminiscences of the first meetings, given by the charter mambers, Mesdames B. P. Hosmer, G. B. Roseberry, F. P. Robinson, Arch Frank, C. T. Bell and J. S. Shinnabargar. The organization reported a membership of sixty, a clearance of $100.85 at their annual rummage sale held last month, and the amount of $428.97 as having passed through the treasury during the last year. The ladies now have $156 out on interest. One new member, Mrs. Frank Mowrey, was taken into the Circle at this meeting. The complete program under the leadership of Mrs. J. D. Richey, was given as follows: Scripture Lesson, Romans 8. Reminiscences, Charter members. Bird's Eye View of "The King's Highway," Miss Fannie Hope. Bible Study, "The Tents of Abraham," Mrs. H. B. Schuler. "Home Missions A National Force," Mrs. Frank Reavis. Talk on India, Mrs. Drummond. Vocal Solo, "The River of Years," Mrs. Harry Todd.

The hostess, assisted by Mrs. G. W. Stafford and Miss Jessie Bent served refreshments after the program.

For October Bride-Elect.

Miss Mildred Robinson, who will be an October bride, was the honored guest of two delightful affairs given Saturday by Mrs. George B. Baker and Mrs. Edward Wolfert at the Baker home, on West Third street, when they entertained guests at six tables of six-hand euchre in the afternoon and a similar number in the evening. Pink was emphasized in the decorations and game favors, and the same color was carried out in the menu served. Pink chrysanthemums were the flowers used in the living room, and pink roses in the music room and dining room. The game prize for the afternoon was won by Mrs. L. E. Forsyth, and the evening prize was awarded to Mrs. Hal T. Hooker. The visiting guest prize was won by Mrs. R. K. Townsend, and courtesy favors were awarded to the honored guest at both afternoon and evening games. The out-of-town guests were Mrs. R. K. Townsend of Oklahoma City, Okla., who is visiting the E. L. Townsends; Mrs. William Johnston of Seattle, Wash., the guest of the Bellows families, and Mrs. Harold Ford of Chicago, who is visiting her parents, Dr. and Mrs. C. S. Jackson.

Entertains Society.

Mrs. John Awalt and Mrs. R. G. Allan entertained the Ladies' Aid society of the Buchanan Street Methodist church Friday afternoon at the home of Mrs. Awalt. The afternoon was spent in making articles for the bazaar which the society expects to give the first week in December. Later a luncheon was enjoyed. The afternoon is the first of a series to be held with the hostesses selected alphabetically from the members. A silver offering is taken at each meeting. The visitors present were Mrs. Ferrill, Mrs. S. P. Davis, Mrs. Louella Landfather, Mrs. R. C. Seal, Mrs. I. E. Tulloch and Mrs. Pyle of Plattsburg, who is the guest of Mrs. C. C. Pyle.

We Have War Maps Enough
Make Nodaway County
The Big Place on Your Map

The trade of this fine county is yours if you go after it. Every prosperous farmer in this great agricultural section is a possible customer of yours. Every farmer's wife and child is a possible buyer of your goods. Take the map of your own county and concentrate on it. Make your publicity reach every radius from your store.

The assessed valuation of Nodaway county is $17,683,660. It produces more corn than all the New England States combined. It is the leading hog producing country of the United States and one of the leading producers of fine cattle and horses.

These facts make it quite evident there is money to spend here, of course sometimes there may be slow seasons. But in the long run the trade goes to the man who keeps after it consistently and steadily.

The Democrat-Forum reaches all parts of this ideal farming section every day. Your advertising and trade news in The Democrat-Forum will reach thousands.

Kansas City High School Club Will "Cut Out" Slang.

Kansas City, Oct. 18.—Death sentence has been pronounced on slang! Students of English in the manual training high school have formed a good English speaking club. Hereafter, instead of "I got busy," the student will remark, "I accentuated my activity," and when one is heard declaring Walt Whitman was a "great old boy," he will be reprimanded strongly by members of the club.

Girls who say "ain't he the limit?" will be fined as high as 10 cents. In expressing the same sentiment a fine may be avoided by perpetrating this: "The young man in question has certain limitations which make him a subject for my disapproval." All members of the classes will act as critics and make a list of mistakes made by pupils in the class.

It will no longer be possible to make witticisms on "stewed chicken," or to declare the teacher is a "peach." If a pupil wishes to give vent to such an opinion he must do so in some such style as this: "The young female pedagogue is of estimable character and eminently attractive to me personally."

The purpose of the club is to develop better grammar and command of English.

424 Bushels of Wheat from Ten Acres.

One of the best yields of wheat that has been reported in the county was made on the George Brown farm south of town. A field containing a little over ten acres, near the Star school house, produced 424 bushels, which is an excellent yield any year. The grain was of better quality than the average and repaid the Brown boys for their hard work to save it.—Burlington Junction Post.

Nineteen Loads of Apples.

A. Johnston, king of apple buyers, has sent nineteen loads to market from this part of the county this fall. Of the nineteen six were sent from Burlington Junction. If the orchard owners in this vicinity would spray and care for their trees they would yield a good income almost every year.—Burlington Junction Post.

VARIETY OF RECIPES

ALL WORTH REMEMBERING BY CONSCIENTIOUS COOK.

Vegetable Soup as It Should Be Made for the Best Results—Potato That Will Be Attractive to the Invalid.

Vegetable Soup.—Take one large potato or two small ones, one carrot and one turnip of medium size, and one small onion; wash, pare and slice them, and let them boil for one hour in one quart of water, adding parsley or any herb preferred for flavoring, and more water as it boils away, so that there will be a quart when done. Thicken with a spoonful of flour or cornstarch, dissolved in a little cold water; or a spoonful of rice or any coarse cereal may be added when the vegetables are half cooked. Strain off the liquid, season to taste, and add a few spoonfuls of sweet cream. If a dish a little more substantial is desired, the vegetables may be rubbed through the strainer also and mixed with the liquid.

Bread Panada.—Toast slowly several slices of stale light bread, until they are a golden brown all through. Pile them in a bowl, sprinkling each one with a little sugar and a pinch of salt; then cover with boiling water, close tightly, set the bowl in a pan of boiling water and let simmer gently until the bread is like jelly. Serve warm, with sugar and cream and a grating of nutmeg.

Potato for an Invalid.—Where potato is allowed, select such as will boil up dry and mealy. Peel them and boil until well done, then mash very thoroughly with a wire masher until perfectly free from lumps. Add rather more salt than usual and several spoonfuls of thick, sweet cream; then beat until perfectly smooth and light, and serve at once. Potato served in this way is delicious and much more easily digested by a weak stomach then when eaten with butter.

Fruit Toast.—Fruit toasts are delicious and appetizing and may be made either with fresh or canned fruit. Dip the slices of toast in the hot juice, removing them quickly to a hot dish, then thicken the juice slightly with cornstarch, adding the pulp, rubbed through a sieve or finely chopped, and pour all over the toast.

Fruit Whip.—A nourishing way of serving fruit, either fresh or canned, is to press it through a sieve or wire gravy strainer and then stir it into whipped cream, regulating the amount of fruit as desired and sweetening to taste.

Egg Souffle Toast.—Place a slice of toast on a white enameled plate, spread with fresh butter or very thick sweet cream, heap on top the stiffly whipped white of an egg, hollowing out the top to form a nest. In this place the yolk. Set in the oven to cook the egg lightly.

Oyster Pate.

One pint oysters, one tablespoonful each butter and flour, one cupful cream, cayenne, grated nutmeg, yolk of one egg, chopped parsley. Line a shallow baking dish with rich crust. Make sauce of butter, flour, cream, sauce, and when heated through whip in the well-beaten egg yolk. At once pour into the pastry crust (previously baked) and heat in oven about eight minutes. The crust can be molded over inverted muffin cups or made in the regular baking dish lined with paste, and even covered with a second crust is most attractive.

Economical Cake.

The most surprising of cakes can be produced without eggs or butter. To a teaspoonful of bicarbonate of soda dissolved in a teaspoonful of warm water add a cupful of sour milk, three-quarters of a cupful of brown sugar and a half a cupful of treacle. See that the sugar is well dissolved, and then add two cupfuls of brown flour, a good pinch of ginger and a teaspoonful of cinnamon. Beat to smoothness, and pour in while stirring a quarter of a pound of floured raisins—less can be used. Bake in a slow oven for a good hour. This cake is economical, and will keep a long time, but it is better not to cut it for a day or two.

Manhattan Pudding.

Mix together the juice of three oranges, a lemon and a half cupful of sugar; let stand several hours. Whip a cupful of heavy cream, add a half cupful of powdered sugar and a cupful of chopped nuts or candied fruit. Rub a mold sparingly with olive oil, pour in the fruit juices, spread with the whipped cream mixture and cover with paraffin paper, put on the lid and bury in ice and salt for three hours. Serve garnished with sections of orange which have stood over night in a thick sirup of sugar and water.

Scrambled Eggs With Asparagus Tops.

Melt three ounces of butter in a saucepan, break into it six fresh eggs; season with a pinch of salt, half a pinch of pepper and a third of a pinch of grated nutmeg. Mix thoroughly without stopping for three minutes, using a spatula and having the pan on a very hot stove. Add a quarter of a bunch of freshly boiled asparagus tops.

Apple Float.

When making apple float, try baking the apples instead of stewing them. The pulp is removed from the skins and mixed with the whites of the egg, which makes the float much lighter than the old way.

10-CENT "CASCARETS" BEST LAXATIVE FOR LIVER AND BOWELS

GOOD LUNCHEON FOR CHILD

Delicacies the Youngster Will Appreciate and That Will Keep Him in Best of Health.

Fairy Apples.—Pare and core enough tart cooking apples to fill a baking dish; cover them with sugar, and put a little cold water in the dish, also several slices of lemon and two cloves. Then pour a little melted butter over the apples and bake them until tender. Serve them cold, with a blob of fruit jelly put on the top of each and whipped cream about them.

Ambrosia.—This delicious dessert could be an occasional treat, as it is rather troublesome to make. It requires grated cocoanut, sliced oranges and bananas, sugar and a wee taste of lemon juice. Fill a dish with layers of the different fruits, putting sugar over each one, and continue in this way until the ingredients are all in. Let the dish "blend" while in a cool place before serving. Fresh cocoanut is needed, and if the milk of the fruit is sweet this may be added to the dessert.

Brown Sugar Sandwiches.—For the children incessantly craving sweets brown sugar is an excellent thing to keep in the house. Spread it thickly on buttered white bread and put the slices together so as to make narrow sandwiches.

Quick Ginger-Cake Pudding—Get any sort of small or large ginger or molasses cakes from the grocer and cover them with a custard made of boiling hot milk into which several eggs are beaten up. Pour the milk gradually into the eggs, stirring vigorously all the while; sweeten and pour over the cakes, allowing them to stand until they have "drunk" up a good deal of the custard. Serve warm or cold.

Apple Pudding.

Pare and core one-half dozen not very tart apples. Butter a granite saucepan and set in apples with very little water. Add one cupful of sugar, two tablespoonfuls of brandy and a dash of nutmeg. Put over a slow fire, cover and let simmer without cooking hard till apples are tender. Take up when done, being careful not to break them, and set away to cool, pouring over them the sirup in which they were cooked. When quite cold and ready to serve put in a glass dish, sprinkle them over with fine macaroon crumbs and send to table.

Crinoline Facings.

Crinoline facings are a feature of many of the new dance frocks. These supports are used for the overskirts. Tulle-made frocks depend upon corded hems for their extended effects.

Princess underslips of satin in pale colors are being brought forward. These are for wear under dancing frocks made of tulle, net and lace. Flesh colors, white and black are the preferred all-one-color modes, but striped and brocaded silks and satins are draped with airy white tulles—after the fashion of the 1795 period. Basques are boned and girdles are growing broader.
